# SHORT ON CASH?

These Flexi Complete Software Savings Are For You!

**Here's what we've got:**  
**Flexi Complete.** Available  
 in **Flexi** (based on Pro) or **Flexi Design**.  
 There are 2 ways to subscribe: Commit to  
 an **Annual Subscription** or on a **Month-**  
**to-Month** basis.

**Here's what it will do for you:**

Save you so much money on Top-of-the-Line software, it's absolutely amazing!

**Let's do some cash flow math:** You can pay \$4199 up front for **FlexiSIGN-Pro**. (Let's round that off to a \$4200 expenditure for the year - NO upgrades included.)

Or you can buy a **Flexi Online Subscription** annual plan - ALL upgrades included (Bug Fixes, New Features, New Printer Drivers, New Cutter Drivers, Import Filters, etc.)

Breaking it down, the **Flexi Online** version, based on Pro, costs you just **\$83.99 /month**.  
 $\$83.99 \times 12$  months means **you'll spend only \$1000 for your software over the same year.**

This saves you \$3420 on **Flexi** for the year, freeing up much needed cash for other important expenditures! In reality, it's much more, given that you never have to dig deep for important upgrades. At some point it always becomes necessary to upgrade, which normally averages between \$300 and \$500 extra per year.

Divide \$3400 by \$1000 and you'll also notice that **it'll take you more than 3.5 years to spend the same amount of money on your Flexi Subscription** that you would have spent up front on the non-subscription, no-updates-included version! This makes excellent cash flow sense.

**Here's what you want to do next:**

*Check our website, call us, email us, fax us.* Get all the info you need, then crunch the numbers yourself. Running a profitable business is always about cash flow, and a **Flexi Subscription** offers a two-fold benefit. It frees up cash for other much-needed expenditures and it allows you to get started with the industry's leading software, minus an initial large cash outlay.

Once you're convinced, contact SignEquip to order your **Flexi Complete** now.

**Mac Designer Version Now Available!!**

# Vertical Panel Saws

## SIGN MAKERS SERIES

Makita Saw on a Spinning Insert w/Dust Collection

Pivoting Knife insert

Spring Hold Down

Sealed Steel Roller Bearings

### Product Description:

The Sign Maker Series saws are designed specifically for the multitude of materials used in sign shops. It includes a Makita 5007F circular saw on a Spinning Saw Insert Plate, a Spring Hold Down to help support thinner material, and the Pivoting Knife Insert Plate for cutting soft or thin materials such as Coroplast, foamboard, PVC, cardboard and more! Easily cut vertically or horizontally with the saw or knife.

This substrate cutter also features an industry-leading dust collection system. The Folding Stand is as easy to open and close as a ladder, yet provides complete stability while in operation. For portability and mobility, Transport Wheels are included. Both the vertical and horizontal Measuring Tapes help to ensure accurate cuts. The Stop provides the capability to make repetitive cuts, and the Bar on the Stop allows for cutting strips.

### Available Compact Models:

52 Cross Cut Model# C52SM

64 Cross Cut Model# C64SM

### Available Fullsize Models:

52 Cross Cut Model# FS52SM

64 Cross Cut Model# FS64SM

76 Cross Cut Model# FS76SM

88 Cross Cut Model# FS88SM

100 Cross Cut Model# FS100SM

### Standard Equipment:

Powder Coated Steel Frame  
Nickel Chrome Plated Guide Tubes (Zinc Plated on 88/100)  
Accu-Glide Sealed Bearing System  
Quick Release Carriage with 2 Locks  
Retraction Mechanism  
Cord Holder  
Center Material Support

### Package Includes:

Makita 5007F Saw  
Spinning Saw Insert Plate  
Pivoting Knife Insert Plate  
Dust Hood and Hose  
Dust Containment Brush  
Folding Stand  
Transport Wheels  
Dual Rip Gauges  
Stop Block with Bar  
Two Measuring Tapes  
Spring Hold Down

### Optional Accessories:

ACM Rolling Shear Insert Plate  
Sheet Clamp  
Full Mid-Fence  
Floating Router Insert Plate  
Full Builders Extensions  
Laser Guide  
Frame Dust Collection  
Steel Sleeved Material Rollers

Our patented Accu-Square alignment system assures that your machine will never go out of square and our Accu-Glide sealed roller bearing system provides for smoother carriage action and tighter tolerances.

Want to cut Dibond® with no dust & have smooth edges? Add our ACM Cutter Insert with Sheet Clamp. Want to use a V groove Dibond®? Add our Floating Router Insert Plate.

# ALL NEW FEATURES

## SUMMA S CLASS 3 SERIES

PRECISION, DURABILITY, AND VERSATILITY AT ITS FINEST

S Class 3 roll cutters feature first-class engineering and advanced cutting technology. The new S Class 3 series is crafted to cater to the needs of true professionals who demand nothing short of top-notch performance, pinpoint precision, and unparalleled versatility in their work. With its advanced technology, intuitive software GoSign, durable construction, and **timesaving features**, they surpass even the most demanding user expectations.

With Summa's **True Tangential Cutting Technology** these cutters achieve unmatched precision, even down to the tiniest details. Experience seamless ability of cutting and creasing or cutting and drawing without the need for tool changes, empowering you to handle diverse cutting tasks with ease and efficiency, as smooth and accurate as ever.

The cutter also proves to be a durable workhorse built to last. Constructed with premium materials, it can withstand heavy use while delivering consistent, **high-quality results** day in, day out.

From vinyl cutting to precise digital die-cutting and plotting on various materials, the S Class 3 is a true do-it-all cutter, catering to a myriad of creative needs. It is your ultimate choice for handling expensive foils and valuable vinyl prints with **precision and reliability**.

Prepare to elevate your cutting endeavours to new heights of excellence with European craftsmanship. Place your trust in the S Class 3 cutters, and you'll never look back.

# ***NEW - FASTER - BETTER!***

## **Announcing DC5 - "Making It Easier For You!"**

**Leave your printing problems behind!  
Say hello to clean air, clog-free printing,  
virtually NO maintenance, mess-FREE ribbon cartridges,  
and Ready-to-Go Prints!  
(It cuts too!)**

### **UPDATES for ENHANCED PRODUCTIVITY & EASE OF USE**

- ★ Now supports 20" media, as well as 24", 30" & 54"
- ★ USB support for **Multiple Printers**
- ★ **Ethernet** Connectivity
- ★ **Increased Processing Power**
- ★ **7X Faster** processor
- ★ Redesigned, vivid colour, **Touchscreen Interface** for faster, easier navigation, with a broader range of on-screen information

## **Summa DC5 Printer-Cutter!**

Resin ribbon printing can last outdoors for up to 5 years without lamination. One single machine will deliver durable full colour and accurate contour cut graphics with the ability to cut completely through the material. The automatic resin ribbon changer can combine process colours, a wide range of spot colours, mirroring metallic foil, holographic foil, and white printing for high-profit graphics that only thermal transfer printing will provide. Moreover, thermal transfer printing is currently the most environmentally-friendly method on the market. There is no chemical waste, no VOC's (Volatile Organic Compounds) exhaust or noxious solvent fumes that could entail any health risk.

## **“A Lot More Cutter For a Little More Money”**

### **New!! Summa S One - The #1 Cutter In Its Class is Your Best Choice!**

- New - User friendly touchscreen
- New - Up to 600 gm knife pressure
- New - Ethernet, Wifi & USB connectivity
- New - Ergonomic Design
- New - OPOS sensor
- New - Summa GoSign Software

*Why would you buy a Summa S One Series Vinyl Cutter?*

*Check out the videos on the SignEquip website and Youtube for your answer!*

Have you heard about the S One - the longest tracking, most dependable and user-friendly, friction-feed vinyl cutter you'll ever experience? It's true! Plus you also get state-of-the-art **optical positioning (OPOS X)** for unparalleled accuracy, advanced step-and-repeat capabilities, and flexible media handling for impeccable align and cut results of your finished prints, on a wider range of media and overlaminates. **OPOS X even reads registration marks on reflective, holographic, and mirrored finishes, as well as through overlaminates.**

Sound good already? **Lower your production costs and reduce waste** with the enhanced cutting head by cutting beyond the pinch rollers. It's **faster weeding** too! **Now you've increased your profits!!**

There you have it, an **easy-to-use, dependable, efficient, long-tracking, accurate cutting, versatile, waste-reducing, economical, professional** cutter. What's not to love?

You might notice the price is slightly higher than some other cutters on the market. Why is that? Remember, you get what you pay for! **Why waste your valuable time learning to use other cutters?** If you can find another cutter with all of the features, benefits, and cost-saving advantages of **Summa S One Series** - we'll eat our shorts! Besides, the waste-reducing benefit of the cutting head alone could easily save you more than the price of a new Summa S One.

**Summa S One Series** is the **best economical choice** for a **long-term investment** in your business!

*Contact SignEquip now to order your **Summa S One Vinyl Cutter**.*
